

Registered Voter Participation in Union County, NC

Max Steele

Purpose

- Create a dashboard for exploring trends and comparing elections
 - 2012, 2016, 2020 general elections
 - Use machine learning to investigate relationships between demographics and participation
 - Provide insights into increasing turnout for Democratic candidates
-

Obtain & Scrub

- NC State Board of Elections
 - Voter registration records
 - Voter history records
- Data preparation and cleaning
 - Drop duplicate records
 - Drop “Removed” and “Denied”
 - Merge records on unique NCID
- Separate datasets for 2012, 2016, and 2020
 - Filter voters based on:
 - Registration date
 - Age

Modeling

- **Predicting Vote vs. No Vote:**

- **Generation**
- **Political Party**
- **Race**
- **Gender**
- **Birth Region**
- **Drivers License**
- **City**

- **Overall accuracy**

- **2020: 66%**
- **2016: 69%**
- **2012: 66%**

Recommendations

- Voter Age:
 - Focus on getting Gen Z and Millennials to the polls

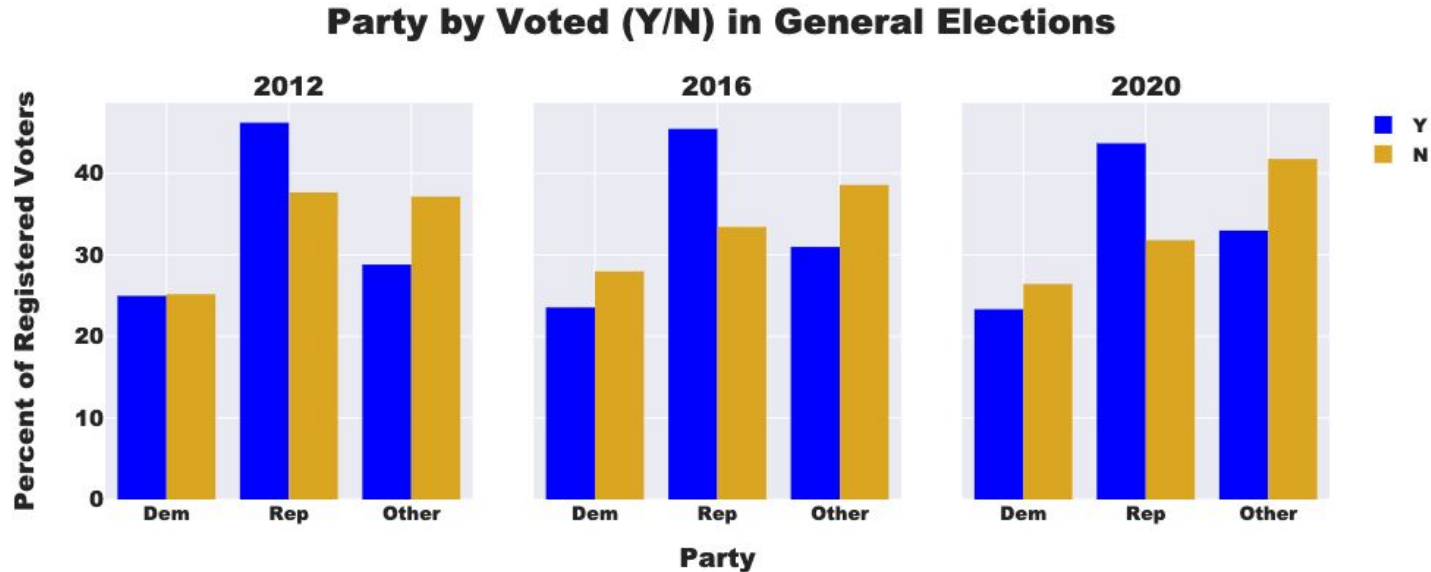

Recommendations

- Drivers License:
 - Clear communication around voter ID laws
 - Transportation to and from polls

Recommendations

- Political Party:
 - Appeal to unaffiliated voters and members of minor political parties

Summary

- Union County Registered Voters dashboard as a tool for exploring:
 - Demographics
 - Participation in recent elections
 - To increase voter turnout for Democratic candidates:
 - Gen Z and millennials
 - Clear communication around voter ID laws
 - Unaffiliated and minor party voters
-

Future Work

- Investigate interaction effects among demographic features
- Scale up to statewide models
- Add to dashboard
 - Trends in voter registration status
 - Compare current registered voter population to U.S. Census data

Thank you!
